## REPORT

Name of the program : How to strengthen your patent

Date/Duration : 01-10-2021, 10 am - 1 pm

Resource person : Dr EMG Subramanian

Program objective :  
• The ways one can strengthen the value and enforceability of the patent  
• For securing exclusive rights to produce and sell the invention.

Topics covered :  
• Ways to create a strong, valuable patent like  
- present well-written claims  
• prior art to distinguish the invention  
• By attacking one's own patent.

Program outcome :  
• One can strengthen the patent by defending their design including its novelty, utility and non-obviousness.

## REPORT

Name of the program : How (and why) to file a provisional patent application.

Date/Duration : 10-06-2022  
10:00am to 1:00pm

Resource person : Dr. Venkanna Babu

Program objective : 1. To establish an early filing date of invention,  
to prevent its extension beyond 12 months.  
2. To allow inventors to secure their position as first to file

Topics covered : ① What is PPA (Provisional Patent Application).  
② What should one include in the PPA.  
③ Why provisional applications are smart strategy for inventors

Program outcome : To conclude filing a PPA is a vital step in protecting  
inventors IP. It is important because without a  
patent application certain aspect of product is free gain  
for others to use freely & profit off.
