REPORTS OF MENTOR MENTEE FOR THE YEAR 2018-2019

FOURTH YEAR STUDENTS

Arava Rishitha Sree, a final year student, said that she finds it challenging to do the clinical cases. Her mentor suggested her before starting the case she has to study regarding that particular topic and get knowledge of that particular topic and also try to do pre-clinical work when ever she finds difficulty in treating the cases.

Student Kirala Bhargavi, who is in her last year, revealed that she had trouble in managing the Pedodontics children while doing the case. Her mentor suggested her to study and understand the topic of child psychology and try to deal with the children by applying it.
