SCHOLARSHIP / FREESHIP POLICY

Lenora Institute of Dental Sciences (LIDS) has always been driven by the vision of late Dr.K.Lakshma Reddy who believes in education for all in rural setups. LIDS started with a motto to provide health facilities to the rural population and bringing higher education closure to the rural student community. As a part of his vision, needy students are encouraged to join the BDS program with financial aid from institution.

The well-being of our students is our first priority and their best future is our main concern. The students are crucial and important part of the institutional activities. Any activity organized by the institution is done keeping in mind its benefit and utility to the students. Students come from different backgrounds and have different needs and aspirations. The institution assists them in achieving their goals by trying to provide them with the type of support needed by them, be it financial, academic, moral or emotional. The college has a large number of students coming from socio-economically weaker sections who are mostly first-generation learners. Nearly 70% of students' strength is female.

Many students are unable to continue higher studies due to financial constrains. They require financial and moral support to pursue higher education.

The institution aims to implement student's welfare schemes,
