Date: 18-12-2021

REPORT

Name of the Program: "Research Methodology"

Place: Lecture Hall - 2

Duration: 15/12/2021 to 17/12/2021

Details of Resource Person: Dr. Md. Zabirunnisa
Associate Professor
Oxford Dental College & Hospital
Bangalore
Phone number: 9849786096
E-mail: zabir.md@gmail.com

A faculty development program was conducted on topic "Research Methodology" at Lenora Institute of Dental Sciences for staff from 15-12-2021 to 17-12-2021. Dr. Md. Zabirunnisa shared her views on how research methodology uses the techniques and tools to collect, process and analyze data regarding the research topic. She emphasized on the need for conducting research and the importance of learning and updating ourselves with the latest guidelines and treatment protocols.

Outcome –

Topics discussed were very clear and in simple terms. Methodology of teaching and problem solving made easy. Staff were updated on research and thesis proposal writing.

REPORT

Name of the Program: "Minimally Invasive Surgical Techniques"

Place: Dept. of Periodontics - Seminar Hall

Duration: 05-01-2022 to 07-01-2022

Details of Resource Person: Dr. Chakravarthy. Y
Professor & HOD
Lenora institute of dental sciences
Rajanagaram
Phone number: 9963573264
E-mail: yshschakri@gmail.com

A 3-day faculty development program, on "Minimally Invasive Surgical Techniques" was held from 5/1/22 to 7/1/22. This 3-day program was segregated into respective concerns. On day 1, our honorable guests have delivered their lectures, which was followed by interactive session the faculty. The following day, the college had conducted a workshop on MIST, and there was lot of appreciation and agreement over the new techniques presented. The 3rd day, the faculty were free to communicate the gathered knowledge and ended the program with a valedictory function.

Outcome –The faculty development program was very helpful in understanding how "Minimally Invasive Surgical Techniques" were useful to preserve the dentition and the surrounding structures as much as possible. The inculcation of smaller incisions, minimal trauma and exposure compared to the standard protocol was clearly demonstrated in the workshop. It not only achieves good results, but also saves time, and offers post-operative comfort to the patient.

REPORT

Name of the Program: "New Advances in Radiography"

Place: Lecture Hall -2

Duration: 21/04/2022 to 22/04/2022

Details of Resource Person: Dr. K. Sridevi
Prof & HOD
Lenora Institute of Dental Sciences
Rajanagaram
Phone number: 7093252972
E-mail: srigivi123@gmail.com

A faculty development program was conducted on topic "New Advances in Radiography" at Lenora Institute of Dental Sciences for staff from 21-04-2022 to 22-04-2022. Dr. K. Sridevi shared her views on recent advances in radiography, and the team of radiology department enlightened the staff on art of radiographic reporting and CBCT and its applications in clinical dentistry.

Outcome:

Staff gained an insight to - Working closely together will minimize communicational misunderstandings and human or technological mistakes, which will contribute to the safest patient solution.

The knowledge of advances regarding radiographic techniques and proper use of them gives the opportunity to the practitioner for improvement in diagnostic tasks and treatment planning.

SALIVARY BIOMARKERS IN ORAL & SYSTEMIC DISEASES

PROGRAMME

DATE

18-05-2022 TO 20-05-2022

DAY 1

10:00 AM – Inauguration
10:30 AM – Guest Lecture on
topic
11:00 AM – High tea
12:00 PM – Interactive Session
01:00 PM – Lunch
02:00 PM – Salivary Biomarkers
for Predicting oral cancer

DAY 2

10:30 AM – Stabilization of
Salivary Biomarkers
11:00 AM – High Tea
12:00 PM – Interactive session
01:00 PM – Lunch
02:00 PM – Futuristic
advances

DAY 3

10 :00 AM – Interactive session
01:00 PM – Lunch
02:00 PM – Valedictory
03:00 PM – Vote of Thanks

REPORT

Name of the Program: "Salivary Biomarkers in Oral & Systemic Diseases"

Place: Lecture Hall -2

Duration: 18/05/2022 to 20/05/2022

Details of Resource Person: Dr. R. Sourav Manna
Associate Professor
National Medical College
Nepal
Phone number: 9472562711
E-mail: souravmanna1985march@gmail.com

A faculty development program was conducted on topic "Salivary biomarkers in oral & systemic diseases" at Lenora Institute of Dental Sciences for staff from 18/05/2022 to 20/05/2022. Dr. Sourav Manna shared his views and concluded that Biomarkers in saliva have the potential to be used for screening purposes in epidemiological studies. Saliva, is a non-invasive and safe source, could be a substitute for blood in the diagnosis and prognosis of diseases and he reviewed the potential value of saliva in the early diagnosis of oral diseases, such as dental caries and periodontal disease, as well as cancer, diabetes and other systemic disorders.

Outcome –

After attending FDP, participants got in depth understanding of how biomarkers help in diagnosis and prognosis and its implications in decision making process.

The faculty gained better understanding on how the biomarkers are used for clinical applications such as monitoring health status, disease onset and progression, and treatment outcome.

No. of participants : 45

REPORT

Name of the Program: "Ortho -Surgery Interdisciplinary Management"

Place: Lecture Hall -1

Duration: 02-06-2022 to 04-06-2022

Details of Resource Person: Dr. Kavitha Rani. Y
Assistant professor
Sri Yashwanth Rao Chavan Dental College
Ahmednagar
Phone number: 8978456409
E-mail: kavitharanid29@gmail.com

A faculty development program was conducted on topic "Ortho-Surgery Interdisciplinary Management" at Lenora Institute of Dental Sciences from 02-06-2022 to 04-06-2022. The program was conducted for three days and various lectures regarding ortho-surgery interrelationships were delivered. An interactive session for all the staff members who attended the event was conducted every day at the last one hour of the program. The program was ended with a valedictory function.

Outcome –Faculty has gained an insight into the development of new orthognathic surgical techniques and materials which allowed surgeons and orthodontists to standardize the treatment of maxilla-mandibular deformities.

Staff are updated on the multidisciplinary treatment of skeletal deformities by orthognathic surgery in addition to orthodontics which resulted in functional and esthetic outcomes in adult patients.

No. of participants : 80

REPORT

Name of the programme: STRESS MANAGEMENT

Place: Lecture Hall-1

Duration: 27-06-2022 to 29-06-2022

Details of resource person:- Dr. Ramam Sripada
Assistant professor
Department of pharmacology
GIET school of pharmacy
Rajahmundry
Phone number – 9490230457
Email-
ramampharmd7@gmail.com

A faculty development program was conducted on topic "Stress management" at

Lenora Institute of Dental Sciences for staff from 27-06-2022 to 29-06-2022. **Dr. Ramam Sripada** shared his views about stress management which offers wide range of strategies to handle the difficulties in life.

Outcome – All the faculty members were taught about effective stress management strategies which helps them to lead a happier, healthier and productive life.

This program has helped us to learn how to lead a balanced life, with time for work, relationships, relaxation and the resilience to hold up the pressure and meet challenges head on.

REPORT

Name of the Program: "Ortho - Perio Interdisciplinary Management"

Place: Lecture Hall -1

Duration: 07-07-2022 to 09-07-2022

Details of Resource Person: Dr. Nimmala Sriram Naidu
Sai Multispeciality Dental Clinic
Vishakapatnam
Phone number: 7893777146
E-mail: sriramnaidu1123@gmail.com

A faculty development program was conducted on topic "Ortho - Perio Interdisciplinary Management" at Lenora Institute of Dental Sciences from 07-07-2022 to 09-07-2022. The program was conducted for three days and various lectures regarding ortho-perio interrelationships were delivered. An interactive session for all the staff members who attended the event was conducted every day in the last one hour of the program. The program was ended with a valedictory function.

Outcome –

The faculty gained knowledge on the outcomes of a combined periodontal and orthodontic treatment on the periodontal health and dentofacial aesthetics. Also, on the role of each field, in how they contribute to optimize the treatment of combined orthodontic-periodontal clinical problems.

REPORT

Name of the Program: "Biostatistics"

Place: Lecture Hall -2

Duration: 20/07/2022 to 22/07/2022

Details of Resource Person: Dr.B.Kiran Karthik
Assistant Professor
Kims Dental College & Hospital
Amalapuram
Phone Number: 8908907769
E-mail: kirankarthikburri143@gmail.com

A faculty development program was conducted on "Biostatistics" at Lenora Institute of Dental Sciences for faculty from 20-07-2022 to 22-07-2022. Dr.B.Kiran Karthik expressed his views that, students often view biostatistics as a requirement that simply must be completed, and they approach it with apprehension. They are, however, passionate about other areas of public health, he highlighted upon capitalizing this passion and helping students to connect biostatistics to other areas that greatly interest them.

Outcome –

The faculty members gained awareness on applications of statistical techniques to scientific research in health-related fields, including medicine, biology, and public health, and the development of new tools to study these areas.

REPORT

Name of the Program: "Host Modulation a Therapeutic Approach in Treatment of Oral Diseases"

Place: Dept. of Periodontics - Seminar Hall

Duration: 11-08-2022 to 13-08-2022

Details of Resource Person: Dr. B. Manoj Kumar
Associate Professor
KIMS, Amalapuram
Phone number-9846754678
Email-manojb66@gmail.com

A 3-day faculty development program, on "Host Modulation a Therapeutic Approach in Treatment of Oral Diseases" was held from 11/08/1/22 to 13/08/22. The first-day session was by Dr. Manoj Kumar, who extensively imparted faculty on basic principles of host modulatory agents. Afternoon, faculty interactive session with the speaker was organized. The second day commenced with a discussion on newer and chemically modified host modulatory agents. The third day was on locally delivered host modulatory agents followed by questions. A total of 35 staff members attended the program.

Outcome –The staff were updated on Host Modulatory Agents which will and allow for more predictable management of patients, particularly in those patients at increased risk caused by factors beyond the reach of conventional therapeutic approaches.

REPORT

Name of the Programme: "Modern Oral Hygiene and Practices"

Place: Lecture Hall - 2

Duration: 01-08-2022 to 03-08-2022

Details of Resource Person: Dr.Rupasree Gundala
Assistant Professor
Government Dental College and Hospital
Vijayawada
Phone number-9866098433
E-mail-drrupasree14@yahoo.co.in

A faculty development program was conducted on topic "Modern Oral Hygiene and Practices" at Lenora Institute of Dental Sciences for staff from 01-08-2022 to 03-08-2022.

Dr.Rupasree Gundala shared her views on inadequate oral hygiene, that can result in several dental as well as systemic diseases, and that, it is important to take care of oral health to ensure overall well-being. She added a note on various modern ways for practicing good oral hygiene.

Outcome - All the faculty members were updated with newer modern oral hygiene techniques and practices with the commercially available newer oral hygiene aids and dentifrices.

All the faculty members were updated on the importance of oral hygiene in maintaining over all systemic health. These updates help the staff in educating the students as well as patients regarding the newer techniques.

ORAL HYGIENE DAY CELEBRATION

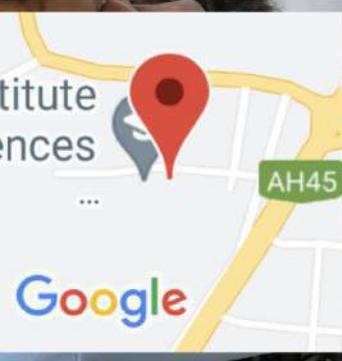

ORAL HYGIENE is the practice of keeping the mouth clean to prevent tooth decay, gum disease, and other oral health problems. It is an important part of overall health and well-being.

ORAL HYGIENE DAY is celebrated every year on August 20th. It was first celebrated in 1963 by the American Dental Association (ADA) and the National Dental Association (NDA).

ORAL HYGIENE DAY CELEBRATION is a great opportunity for dental professionals to educate the public about the importance of oral hygiene and to provide free dental services to those in need.

ORAL HYGIENE DAY CELEBRATION is a great opportunity for dental professionals to educate the public about the importance of oral hygiene and to provide free dental services to those in need.

- The Global Burden of Disease Study 2019 estimated that oral diseases affect close to 3.5 billion people worldwide.
- Oral hygiene is described as the practice of keeping one's mouth clean and free of diseases and other health problems.
- The oral cavity is often described as a mirror of general health and appears to guarantee and ensure our overall health.

CARDIOVASCULAR DISEASES & PERIOD

- Vascular injury or infection that induces inflammation of the large vessel wall initiating the atherogenic process.
- In the presence of functioning resolution of inflammation programs, natural mediators of resolution mediate rapid and complete healing and return to homeostasis.
- Failure of complete resolution leads to chronic inflammation, accumulation of macrophages in the tunica intima, lipid (low-density lipoprotein-LDL) accumulation, and the formation of foam cells that, with time and persistent inflammation, form the atherosclerotic lesion.
